### **Upgrading and Repairing PCs - Scott Mueller - Google Books**

When I was writing the original edition of Upgrading and Repairing PCs back in the 1980s, the hackers' favorite way of trying to get into a network without authorization was discovering the telephone number of a modem on the network, dialing in with a computer, and guessing the password—as in the movie War Games. Today, war driving has largely replaced this pastime as a popular hacker sport.
